WHO	WHY

## Nelson Mandela (1918 – 2013)

Nelson Mandela was an activist and the first President of South Africa from 1994 to 1999. He ended apartheid, a policy of segregation and discrimination against Black people, and formed a democratic government. His other achievements include earning the Nobel Prize for Peace in 1993, co-founding the first Black law firm in South Africa and founding the African National Congress Youth League... just to name a few!
